

Weldon V-MUX Multiplex Training

October 11, 2018

Metalfab Ltd – Centreville, NB

Weldon V-MUX Multiplex Training

Metalfab will be hosting a half day Weldon V-Mux Multiplex training session at our facility in Centreville, NB on October 11^h commencing at 9:00 AM for the morning session and 1:00 PM for the afternoon session. The same course will be held twice during the day of October 11th, so please chose to register for the AM or PM session. Dennis Wilcox from Weldon will present the training course which will cover a basic system overview, followed by a presentation on Downloader, Diagnostics, and troubleshooting in class. If time remains, a demonstration hooking up to a truck will be held. There shall be no cost for this training session. If you wish to attend the training session, please fill out the attached form and return to info@metalfabfiretrucks.com or fax to 1-506-276-3648. The session is limited to the number of participants and shall be offered on a first come basis. A letter will be sent to confirm that you have been registered.
